Career Objective

Aspiring Data and Software Engineer with strong foundation in Python, SQL, Java, and Data Structures. Interested in working across Data Visualization, Decision Science, Data Science, and Data Engineering domains to solve real-world business problems using data-driven approaches and scalable systems.

Education

ANIL NEERUKONDA INSTITUTE OF TECHNOLOGY & SCIENCES

2022 – 2026

B.Tech in Computer Science (AI & ML)

CGPA: 8.4 / 10

Technical Skills

Programming Languages: Python, Java, C

Data & Analytics: Pandas, NumPy, SQL, Data Cleaning, Data Analysis

Machine Learning: Supervised Learning, Model Training, Evaluation

Web Technologies: HTML, CSS, JavaScript, React, Node.js, Express.js

Databases: MySQL

Tools: Git, GitHub, VS Code, Jupyter Notebook

Projects

College Fee Management System

- Built a web-based system to manage and analyze student fee records using MySQL.
- Designed relational database schema and implemented triggers and stored procedures.
- Enabled tracking of fee history and student payment data for reporting and auditing.
- Worked on data storage, querying, and data consistency workflows.
- Technologies: HTML, CSS, JavaScript, MySQL

Ticket Tracker System

- Developed a ticket tracking system using React and Express with MySQL backend.
- Implemented ticket priority classification to support decision-making on critical issues.
- Designed a developer points system based on ticket resolution performance.
- Worked with REST APIs, data storage, and structured data retrieval.
- Technologies: React.js, Node.js, Express.js, MySQL

Internship

Robotic Process Automation Intern — EduMoon

May 2023 – June 2023

- Automated repetitive business workflows to reduce manual effort and operational errors.
- Assisted in testing, validating, and deploying automation scripts.
- Worked in a team to design and implement RPA modules for process optimization.

Certifications & Achievements

- NPTEL Elite Certification in Data Structures and Algorithms using Java
- NPTEL Elite Certification in Programming in Java
- Earned 100-Day LeetCode Streak Badge for consistent problem solving practice
